SUBSCRIPTION:  
Per Annum, in advance, \$1.50.  
ADVERTISING RATES based on actual circulation at time of contract. For terms, estimates, etc., apply to W. M. GILL, Managing Editor.

### Advertising Rates.

Equable Advertising Rates based on actual circulation. The advertiser gets just what he pays for—no more, no less.  
REGULAR COMMERCIAL ADVERTISING.  
On three, six or twelve months' contracts: One-fourth of one cent, per line, on each hundred copies issued, during the insertion. Any number of changes made on payment of the extra cost of type setting, 10 lines (this type) to the line. Thus an advertisement occupying three inches down the column, and running 12 weeks, on an average circulation of 50,000, would cost with one change of matter only \$4.50.  
TAXPAYER AND LEGAL—One month or less at special rates.  
Editorial Business Notices—2 cents per line per hundred of circulation.  
Local Business Notices—1 cent per line per hundred of circulation.  
Special Notices—Minion type, next to advertising columns. Local rates after first insertion.  
Accurate record kept of each week's circulation, and charges graded accordingly.

### CARD TO ADVERTISERS.

THE WEEKLY GRAPHIC has now the largest regular circulation and subscription list of any paper in the county, and it is still rapidly increasing. The paper has been more than self-sustaining from its first issue, notwithstanding the petty personal efforts of certain interested parties to prevent business men from giving us their favors.

The Graphic is not only a grand newspaper success, but it is a permanent institution, all stories to the contrary notwithstanding. It has come to stay. Please mark that fact—and what is more, the people appreciate it. Its present size will be maintained permanently, and no effort will be spared to improve rather than retrograde in the character and variety of its make-up. Ample financial backing is behind it to assure these ends. The Graphic has already fulfilled the prediction of its friends, and is today in the lead. It proposes to keep it. Our books are open to inspection, and circulation no secret. We mean business—and the people appreciate the fact, and fully understand the futile personal efforts which envy and jealousy may prompt to keep you from availing yourselves of our advertising columns.  
J. M. SWETNAM, Publisher.

We are republican from Principle, and advocate and work for the success of that party, because we believe it embodies the Progressive, Reformatory and Patriotic Spirit of the Country. We oppose Democracy because we believe it embodies the reactionary sentiment of the country, in all things anti-progressive, and with an innate tendency towards class and color prejudices and a covert opposition against the modern idea of Nationality and Free Schools, and a manhood ballot free to every citizen without regard to the accident of race or color.

Editorially we aim to treat all men and all topics with the candor they deserve, dealing with them fairly, justly and strictly on their merits.

We shall strive to build up a decent respectable journalism as contra-distinguished from the coarse and grossly abusive style too common in many papers, believing that a journal which carefully expunges these defects from its pages will ultimately command not only the respect and confidence but also the patronage of the community in which it is published.

This does not imply that good humored satire, and wit, and ridicule, may not be used at the proper time. For these are often powerful weapons in the cause of truth, and when properly and moderately used give zest to more serious argument.

The GRAPHIC desires to be especially a family paper, one which will find a welcome in every home, and which parents can with confidence place in the hands of their children knowing that it will prove a valuable educational and moral aid in their training.
